IntegrIT Network Solutions, Inc. Names Julie Rice VP of Business Development

Lynnwood, Wash. - IntegrIT Network Solutions, Inc., a leading provider of IT support services for Small Businesses in Snohomish and King Counties, is pleased to announce the appointment of Julie Rice as VP of Business Development. The addition of Rice further rounds out IntegrIT Network Solutions' executive team. In the newly created position, Rice will spearhead business development and marketing activities to advance IntegrIT Network Solution's penetration to small businesses looking to save money and put their focus back on their business by optimizing their company's IT systems.

"We are very excited to add Julie to our management team," said Larry Owens, President of IntegrIT Network Solutions, Inc. "Julie brings a unique blend of experience. Her knowledge, creativity, and drive will be invaluable to our company as we continue to grow the business in 2010 and beyond."

Rice brings more than 20 years of experience in sales operations, marketing, and general management and is ideally suited to support IntegrIT Network Solutions' aggressive growth plans. She has a strong track-record of success in developing sales and marketing programs at start-up, technology-based companies, most recently with Myrio Corporation, which was acquired by Siemens AG in 2005, and later became a part of the joint venture, Nokia Siemens Networks, in 2007.

"I am fortunate to join an exciting and dynamic company and play a part as it strengthens its market leadership position," said Rice. "I immediately saw the potential of IntegrIT Network Solutions' proactive and reliable IT business solutions and look forward to taking on this new challenge and contributing to its continued success."

Rice joins IntegrIT Network Solutions' current executive team, which includes Larry Owens, president, and Pamela Owens, chief financial officer.
